June 27, 2017

Dear Hiring Team,

My Name is Neha Shet and I would like to introduce myself as a student at the University of Texas at Arlington, pursuing M.S. degree in Computer Science. I am writing to express my interest in obtaining a Fall Internship position. My solid academic background and relevant work experience would make me an excellent addition to your organization as an Intern.

I have a remarkable academic record. I secured Distinction grade during my undergraduate studies which helped me in obtaining a full-time job at Persistent Systems Limited (PSL). I started my career as a Software Engineer in December 2013. Based on my performance, within 28 months I was promoted to Senior Software Engineer position in April 2016. I worked with PSL for 2 years and 8 months. During this time, I enriched my capabilities with latest web development technologies which allowed me to produce reliable and interactive web content. I have a great passion for web development and sound understanding of object oriented programming and design. Having acquired sound knowledge in the field of computer science through a rigorous undergraduate program and work experience, I felt it was time to pursue graduate studies to further enhance my knowledge in this field. As a graduate student at the University of Texas, I hold a GPA of 4.0 and have continued with my consistent academic performance. Currently, I am in summer semester of master's program.

My resume holds particulars regarding my projects and their deliverable. I have a record of accomplishment of successful projects, and expertise in agile development processes. I have the experience to start contributing to the organization from day one. I am confident that my past experience will translate well into the position you are offering and I am truly excited to begin this new chapter in my career. In all that I do I would strive to advance the company.

I would appreciate the opportunity to talk to you to discuss as to how I could be a vital part of your organization. I am ready to relocate to the job location if given the opportunity. For any other additional details, please feel free to contact me. I look forward to hearing from you soon.

Thank you for your time and consideration.

Sincerely,

Neha Shet
